Troubleshooting

1. The Bluetooth adapter can't be powered on
   - Please check if the USB port of the Bluetooth adapter is inserted to the adaptable position or if it is in poor contact.
   - Please plug in and out the Bluetooth adapter again.
2. The Bluetooth adapter can't search and connect with the Bluetooth device successfully for a long time
   Please plug in and out the Bluetooth adapter again or set it to pairing mode again.
3. The Bluetooth adapter can't be connected to the Bluetooth device
   Please check if the Bluetooth devices are in pairing mode.
4. The Bluetooth adapter is paired with another Bluetooth device
   Please keep the Bluetooth adapter free from other Bluetooth devices (such as Bluetooth speakers, TVs, etc.), and hold the pairing button for about 10s to set it to pairing mode again. The distance between the Bluetooth adapter and Bluetooth device needs to within 1m during pairing process.
5. The connection status of the Bluetooth adapter can be checked through the LED indicator, please refer to "Port, LED Status and Pairing Instructions" section to get detail information.
6. When use the Bluetooth adapter, audio data transmission is intermittent or stuttering
   Please try to plug in and out the Bluetooth adapter again.
   Note: Please do not place the Bluetooth adapter on metal objects and try not to obstruct it. When the Bluetooth adapter signal is disturbed or

obstructed, it may also cause audio transmission intermittent/stuttering.

7. When the Bluetooth adapter is used with AVA AnyCo A6 (in Daisy-chain mode), it must be connected with the host device in the daisy chain.

Warranty

Products are backed by a limited 1-year parts and labor warranty. For the following cases AV Access Technology Limited shall charge for the service(s) claimed for the product if the product is still remediable and the warranty card becomes unenforceable or inapplicable.

1. The original serial number (specified by AV Access Technology Limited) labeled on the product has been removed, erased, replaced, defaced or is illegible.
2. The warranty has expired.
3. The defects are caused by the fact that the product is repaired, dismantled or altered by anyone that is not from an AV Access Technology Limited authorized service partner. The defects are caused by the fact that the product is used or handled improperly, roughly or not as instructed in the applicable User Guide.
4. The defects are caused by any force majeure including but not limited to accidents, fire, earthquake, lightning, tsunami and war.
5. The service, configuration and gifts promised by salesman only but not covered by normal contract.
6. AV Access Technology Limited preserves the right for interpretation of these cases above and to make changes to them at any time without notice.
