2. App Download

OS requirement:
- Android 5.0+
- iOS 9.0+

Scan the QR code to download to your smart phone

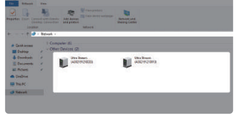

Or visit the link below to download
www.magewell.com/magewell-ultra-stream-app

Or search **Ultra Stream** or **Magewell** in the App Store/Google Play

3. Get Started

Configure the device via the Web UI

- Connect your device via a wired or wireless Ethernet network and power it up.
- For Windows7 / 8 / 8.1/10 users, you can find your Ultra Stream device in the **Network** > **Other Device** section of the **File Explorer** in your computer connected to the same LAN which the unit is connected to.
- Double click the device icon to open the Web UI.
- Enter the default, case-sensitive user name and password **Admin**, **Admin** in the **SIGN IN** page . You are suggested to change the password after the initial log-in.
- Set up the device for your sessions after logging in successfully.

Configure the device via the app

- Connect your device via a wired or wireless Ethernet network and power it up.
- Turn on the **Bluetooth** function on your phone, and make it discoverable to nearby devices.
- Turn on the **Wi-Fi** function on your phone and connect your phone to the same LAN which the device is connected to.
- Android 6.0 and above requires authorized **location service**, and the distance between your phone and device should be no more than 10 m.
- Open the **Ultra Stream** app. Follow the on-screen instructions to search your device and make the configuration.

4. Warranty

Ultra Stream offers two-year Limited Warranty. The cable and adapter provided as accessories have one-year Limited Warranty. For more detailed information, refer to
