DC6-JR
DAC series
Light Console

The **DC6** is a **compact light console** for controlling of **6 channels** over the **DMX line.**

One of its key strengths is **low power consumption**, but the main improvement upon the previous model - the DAC series - is its new design. The unit can be easily installed on a wall or kept on the operator's desk with **no need for extra equipment**, such as a desk kit.

WAGO connectors for all connection points guarantee **easy installation**.

- 6-channel DMX controller
- 6x fader per channel + flash button
- 1x master fader + flash button
- 2x **LED indicator** of the DMX line status
- Start address offset via DIP-switch (piano switch)
- VESA 100 bracket
- PowerCON TRUE-1 input/output

Variants

VARIANTS

- *913007* DC6-5-JR 5-pin DMX console
